

## User Guide:

### Application Description:

Welcome to the "EnlightenedCircls," Our application offers you various activities designed to support your needs, helping you connect with others in similar situations and providing access to expert advice and community support. This app aims to create a supportive network that enhances the quality of life.

#### Login screen:

A login screen mockup with a light blue background. At the top left is a blue square button with a white left arrow. Below it, the text "Welcome!" is centered in bold, followed by "Sign in to your account" in a smaller font. There are two input fields: "Email address" with the placeholder "Enter Your Email" and "Password" with the placeholder "Enter Your Password". Below the password field is a blue link "Forgot Your password?". At the bottom is a large blue button labeled "Sign in" and a smaller link "Don't have account? Sign up".

1. Enter all the details that you need to use the application.

### Main screen:

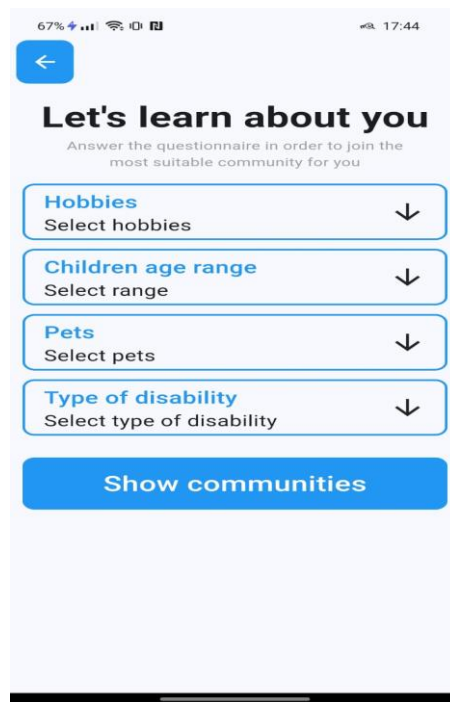

1. The user can choose any of the main actions presented to them in this menu.

### Search in community:

1. If the user is not registered in any community, at this stage, they can, by clicking the Add me button, proceed to the stage of joining a community with similar characteristics to their own.
2. The user can search for people at this stage.

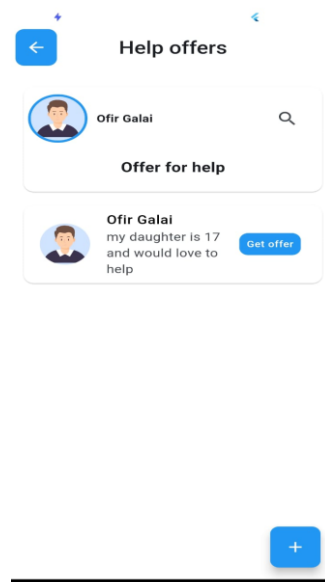

### Community joining questionnaire:

A mobile app screen titled "Let's learn about you" with a subtitle "Answer the questionnaire in order to join the most suitable community for you". The screen features four selection boxes, each with a title in blue, a subtitle, and a downward arrow icon: "Hobbies" (Select hobbies), "Children age range" (Select range), "Pets" (Select pets), and "Type of disability" (Select type of disability). Below these is a large blue button labeled "Show communities". The top status bar shows 67% battery, signal strength, and the time 17:44. A back arrow is in the top left corner.

1. To join a community, the following details must be filled in.

### Help other in the community:

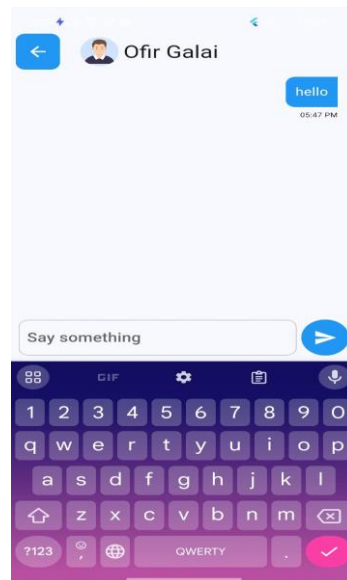

A mobile app screen titled "Help offers". It displays a list of help offers. The first offer is by "Ofir Galai" with a search icon. Below it is a section titled "Offer for help". The second offer is also by "Ofir Galai" with the text "my daughter is 17 and would love to help" and a blue "Get offer" button. At the bottom right, there is a blue button with a white plus sign. The top status bar shows 67% battery, signal strength, and the time 17:44. A back arrow is in the top left corner.

1. Adding an option for providing help.
2. By clicking the plus button, you can add an option to offer help.

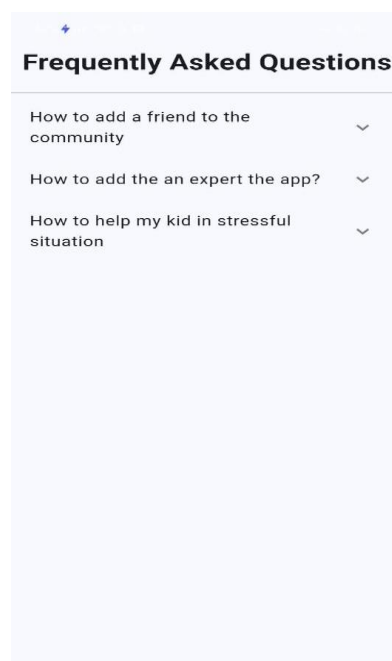

3. By clicking the Get offer button, the user who offered help can edit or delete the offer details, and other users can view the offer details and start a conversation with the user who offered the help.

### **Messages:**

1. You can choose from the list of app users who to chat with (send a message or receive a message).

### **FAQ:**

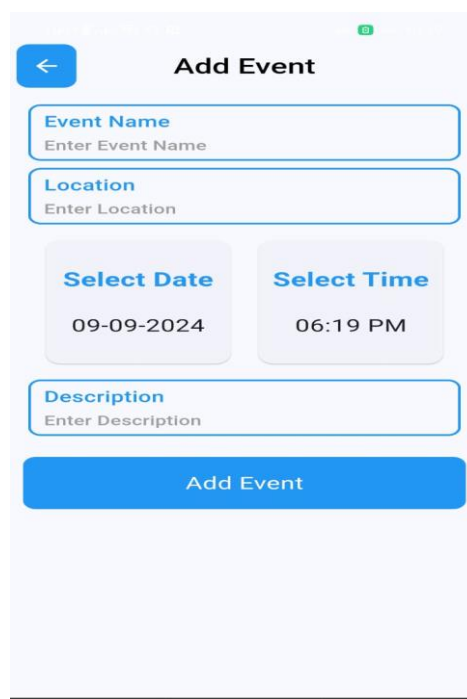

1. On this screen you can check frequently asked questions in the application.
2. In order to see the answer, click on the requested question.

**Search existing events:**

1. On this screen you can see all the events that are taking place in order to add an event, click on the plus button.

**Add event:**

1. After clicking the plus button, the next screen will open. On this screen, you can edit the event details, including the name of the event, location, time, and other details.

**Details of the event:**

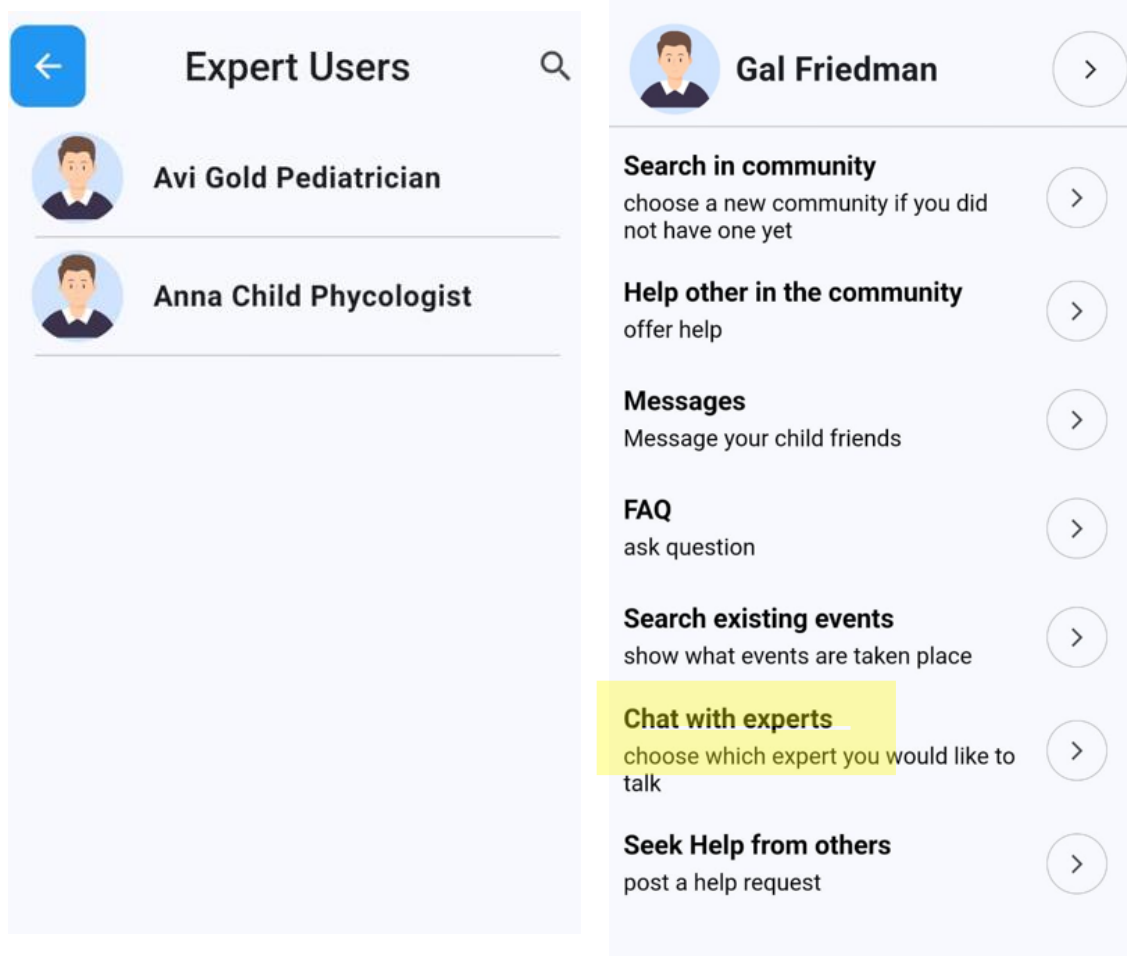

The screenshot displays the 'Event Detail' screen of a mobile application. At the top, there is a blue header bar with a back arrow on the left and a plus icon on the right. Below the header, the title 'Event Detail' is centered. The main content area consists of several light blue rounded rectangular boxes, each containing an icon, a label, and a value. The details are as follows:

- UserName:** Ofir Galai (with a person icon)
- Date:** 11-09-2024 (with a calendar icon)
- Time:** 04:30 PM (with a clock icon)
- Title:** Reading Time in Hafia Library (with a 'T' icon)
- Location:** Reading Time in Hafia Library (with a location pin icon)
- Detail:** join us with a new author reading her book-My super power about a kid that has autism and how he cope withe it (with a triangle icon)

At the bottom of the screen, there are two blue buttons: 'Update' and 'Delete'.

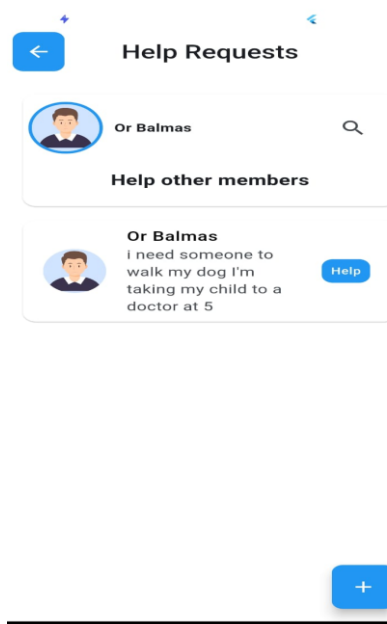

1. In order to edit event details, click on the event itself - only the user who created the event can edit it.
2. After clicking on the event itself, click on the Update or Delete button to get the desired result.

### Chat with experts:

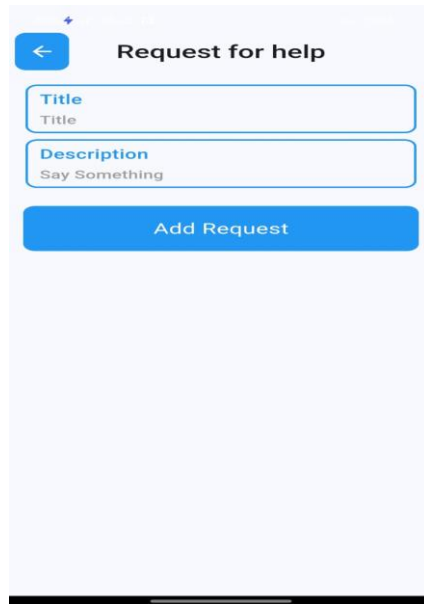

1. In order to reach the chat with an expert from the main screen, click on chat with an expert.
2. A window will open where you can search for the requested expert.
3. Click on the expert you want to chat with to start a conversation.

### Seek help from others:

1. You can request help by the plus button and view other existing requests, you can help other by the help button and if you create the ask you can edit by this button.

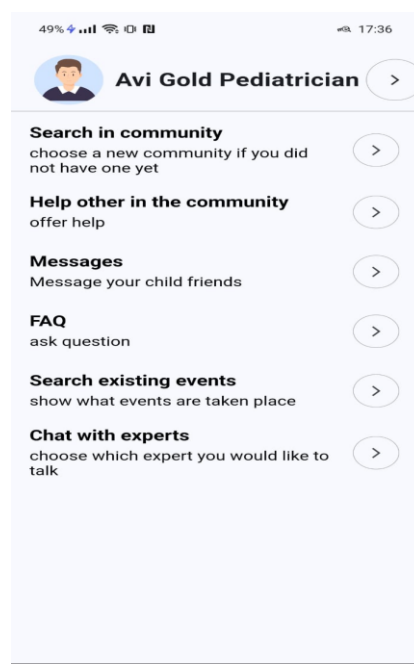

### Create new request:

A mobile app screen titled "Request for help". At the top left is a blue back arrow button. Below the title are two input fields: "Title" with placeholder text "Title" and "Description" with placeholder text "Say Something". At the bottom is a large blue button labeled "Add Request".

1. You can create new request.

### Main screen of expert:

A mobile app screen for an expert named "Avi Gold Pediatrician". The header shows a profile picture, the name, and a right arrow. Below the header is a list of menu items, each with a right arrow:

- Search in community**  
choose a new community if you did not have one yet
- Help other in the community**  
offer help
- Messages**  
Message your child friends
- FAQ**  
ask question
- Search existing events**  
show what events are taken place
- Chat with experts**  
choose which expert you would like to talk

1. Expert has all the options available to the user except for the option to request help.
